Skinny Font

The Skinny Font is based on an absolute classic - "Arial". Designed in 1982, it is known for its sleek simplicity and being easy to read!

The Holes...

Each of our font stencils has a row of extra holes at the bottom which make up the middles of your letters. We have created a guide for this above!

Triple Duty!

You may notice that there are not enough holes for the letters... That's because one of the holes is the same for 3 letters.

o p q

The hole in these letters are the same size and shape!
